NOTES:

1/All dates are subject to change.

2/**Non-Receipt Date** - the date by which your laboratory should receive a sample; please contact us if you have not received your sample by this date

3/**Closing Date** - All testing data must be submitted and confirmed (by the laboratory) on or before this date. Data submitted after this date will not be included in the analysis and ratings will not be received.

4/**Enrolment Cut-off Date** - If your laboratory is enrolled after this date, you will be placed on a Waiting List for that specific sample. If there are enough remaining samples, they will be shipped to your laboratory after the Non-Receipt Date and an invoice will follow by mail.

5/All fees are to be paid to the proficiency testing Tunisia in response to invoices originating with the **PTTn**. Fees are periodically reviewed by the **PTTn** Administrative Task Group and are subject to change.

6/Please Contact us for international and/or wire transfer transactions.

7/Participants are invited to perform tests as the majority of **routinely** tested sample.

8/Ultimately, though, it is the responsibility of the participating laboratories to avoid **collusion or falsification of results**. Laboratories found to be falsifying results may be refused participation in subsequent proficiency tests.

9/**Confidentiality** of individual laboratory results will be maintained. However, general information regarding the round of testing, such as statistical summary tables and z-score associated with the analysis of data

Approved by:
PRESIDENT M.ALKATEB
